01 EXPERIENCE

Full-Stack Developer

Feb 2025 - Present

CristegnoViajes SRL · OMSTA

- Independently built **OMSTA**, an ERP used daily by **15 users**, with Django, DRF, PostgreSQL and Redis: bookings, CRM, payments, accounting, payroll and branches.
- Automated **sale → payment → NCF invoice → journal entries → DGII reports** (606, 607, 608, 623).
- Built the team's **mobile app with React Native, Expo and TypeScript** and its REST API with per-device JWT: 54 screens and 94 endpoints, tested on Android.
- 3,164 pytest tests, a typed OpenAPI contract and continuous deployment on Railway.

Web Development & Design · Freelance

2024 - Present

Deployed web projects

- Designed and built a **soap storefront for a real client** and a bilingual photography portfolio, from requirements and UX/UI to deployment.
