01 EXPERIENCE

Full-Stack Developer

Feb 2025 – Present

CristegnoViajes SRL · OMSTA

- Designed and built **OMSTA** end to end, an ERP in production used daily by **9 users** to run the agency's operations.
- Integrated **bookings, CRM, payments, double-entry accounting, payroll, branches, users & permissions** and tax reports (DGII).
- Built the frontend and backend with **Django, DRF, PostgreSQL and Redis**, and managed deployment and evolution in production.

Web Development & Design · Freelance

Projects for real clients

- Designed and built **web products for real clients**, including an artisan-soap e-commerce and a professional photography portfolio.
- Owned **requirements gathering, UX/UI, development and responsive optimization** through final delivery.

02 PROJECTS
